Dear Harold:

Here are the Huston letters..I now have copies.

I am just about to leave to meet Ray Marcus and Dave Lifton. They're pictures were published in this weeks edition of the Free-Press newspaper. I'll do a brief interview with them about the photos for airing on our newscasts. By the way we have started to copy off Jim's speech and I will mail you one and mail out three other copies to the stations and names you noted.

The cartridge is an audio copy of the interview you did with Joe Pyne for his syndicated TV show.

I'm still reading (and re-reading) much of the material you gave me. I'm making notations of questions as I go along, so prepare for one long phone conversation in the near future.

It was a pleasure getting to know you. Again - call on me in any way that you think I may be of some help.

Best regards,

Art Kevin
